TERMINALS						
	frogTerminal KL	TM-kl-an.03	4260578532099	IP/SIP video terminal with hemispheric 180° camera and 8 MP resolution. Integrated 3.5" touch display for flexible display of several bell buttons or functions (multi-party capable). Access control with PIN and/or RFID interface (MIFARE® DesFire® EV2). Connection and power supply via network cable (PoE) or 24 V AC/DC via bell wire and WLAN. Integrated potential-free relay (max. 24 V/1 A) and 2 potential-free inputs. USB-C connection for expansion modules. Expansion options via integrated Bluetooth® frogblue mesh interface. IP54 weatherproof. Surface: plastic; color: anthracite (similar to RAL 7022)	1.748,00 €	Available
	frogTerminal KL	TM-kl-gy.03	4260578532082	IP/SIP video terminal with hemispheric 180° camera and 8 MP resolution. Integrated 3.5" touch display for flexible display of several bell buttons or functions (multi-party capable). Access control with PIN and/or RFID interface (MIFARE® DesFire® EV2). Connection and power supply via network cable (PoE) or 24 V AC/DC via bell wire and WLAN. Integrated potential-free relay (max. 24 V/1 A) and 2 potential-free inputs. USB-C connection for expansion modules. Expansion options via integrated Bluetooth® frogblue mesh interface. IP54 weatherproof. Surface: plastic; color: silver (similar to RAL 7004)	1.748,00 €	Available
	frogTerminal KL	TM-kl-wh.03	4260578532075	IP/SIP video terminal with hemispheric 180° camera and 8 MP resolution. Integrated 3.5" touch display for flexible display of several bell buttons or functions (multi-party capable). Access control with PIN and/or RFID interface (MIFARE® DesFire® EV2). Connection and power supply via network cable (PoE) or 24 V AC/DC via bell wire and WLAN. Integrated potential-free relay (max. 24 V/1 A) and 2 potential-free inputs. USB-C connection for expansion modules. Expansion options via integrated Bluetooth® frogblue mesh interface. IP54 weatherproof. Surface: plastic; color: white (similar to RAL 9003)	1.748,00 €	Available
	frogStation KL	ST-kl-wh.02	4260578532068	IP/SIP door station/intercom. Integrated 3.5" touch display for flexible display of several bell buttons or functions (multi-party capable). Access control with PIN and/or RFID interface (MIFARE® DesFire® EV2). Connection and power supply via network cable (PoE) or 24 V AC/DC via bell wire and WLAN. Integrated potential-free relay (max. 24 V/1 A) and 2 potential-free inputs. USB-C connection for expansion modules. Expansion options via integrated Bluetooth® frogblue mesh interface. IP54 weatherproof. Surface: plastic; color: white (similar to RAL 9003)	1.448,00 €	Available
	frogTerminal ALU anthracite	TM-al-an.03	4260578532105	SIP video terminal with hemispheric 180° camera and 8 MP resolution. Integrated 3.5" touch display for flexible display of several bell buttons or functions (multi-party capable). Access control with PIN and/or RFID interface (MIFARE® DesFire® EV2). Connection and power supply via network cable (PoE) or 24 V AC/DC via bell wire and WLAN. Integrated potential-free relay (max. 24 V/1 A) and 2 potential-free inputs. USB-C connection for expansion modules. Expansion options via integrated Bluetooth® frogblue mesh interface. IP54 weatherproof. Surface: aluminum; color: anthracite (similar to RAL 7022)	2.048,00 €	Available
	frogTerminal ALU silver	TM-al-gy.03	4260578532112	SIP video terminal with hemispheric 180° camera and 8 MP resolution. Integrated 3.5" touch display for flexible display of several bell buttons or functions (multi-party capable). Access control with PIN and/or RFID interface (MIFARE® DesFire® EV2). Connection and power supply via network cable (PoE) or 24 V AC/DC via bell wire and WLAN. Integrated potential-free relay (max. 24 V/1 A) and 2 potential-free inputs. USB-C connection for expansion modules. Expansion options via integrated Bluetooth® frogblue mesh interface. IP54 weatherproof. Surface: aluminum; color: silver (similar to RAL 7004)	2.048,00 €	Available
	frogTerminal ALU white	TM-al-wh.03	4260578532129	SIP video terminal with hemispheric 180° camera and 8 MP resolution. Integrated 3.5" touch display for flexible display of several bell buttons or functions (multi-party capable). Access control with PIN and/or RFID interface (MIFARE® DesFire® EV2). Connection and power supply via network cable (PoE) or 24 V AC/DC via bell wire and WLAN. Integrated potential-free relay (max. 24 V/1 A) and 2 potential-free inputs. USB-C connection for expansion modules. Expansion options via integrated Bluetooth® frogblue mesh interface. IP54 weatherproof. Surface: aluminum; color: white (similar to RAL 9003)	2.048,00 €	Available

TERMINALS						
	frogTerminal glas white	TM-gl-wh.03	4260578531702	SIP video terminal with hemispheric 180° camera and 8 MP resolution. Integrated 3.5" touch display for flexible display of several bell buttons or functions (multi-party capable). Access control with PIN and/or RFID interface (MIFARE® DesFire® EV2). Connection and power supply via network cable (PoE) or 24 V AC/DC via bell wire and WLAN. Integrated potential-free relay (max. 24 V/1 A) and 2 potential-free inputs. USB-C connection for expansion modules. Expansion options via integrated Bluetooth® frogblue mesh interface. IP54 weatherproof. Dimensions: 192.3mm x 109.3mm x 36.1mm (LxWxH) Surface: glass; color: white	2.098,00 €	Available in 12 weeks
	frogTerminal S2 anthracite	TM-s2-an.01	4260578531757	SIP video door station with hemispheric 180° camera and 8 MP resolution. Integrated 3.5" touch display for flexible display of several bell buttons or functions (multi-party capable). Access control with PIN and/or RFID interface (MIFARE® DesFire® EV2). Connection and power supply via network cable (PoE) or 24 V AC/DC via bell wire and WLAN. Integrated potential-free relay (max. 24 V/1 A) and 2 potential-free inputs. USB-C connection for expansion modules. Expansion options via integrated Bluetooth® frogblue mesh interface. IP54 weatherproof. Dimensions: 230mm x 115mm x 26.7mm (LxWxH) Surface: aluminum; Color: anthracite	2.498,00 €	Available
	frogTerminal S2 white	TM-s2-wh.03	4260578532501	SIP video door station with hemispheric 180° camera and 8 MP resolution. Integrated 3.5" touch display for flexible display of several bell buttons or functions (multi-party capable). Access control with PIN and/or RFID interface (MIFARE® DesFire® EV2). Connection and power supply via network cable (PoE) or 24 V AC/DC via bell wire and WLAN. Integrated potential-free relay (max. 24 V/1 A) and 2 potential-free inputs. USB-C connection for expansion modules. Expansion options via integrated Bluetooth® frogblue mesh interface. IP54 weatherproof. Dimensions: 230mm x 115mm x 26.7mm (LxWxH) Surface: aluminum; Color: white	2.498,00 €	Available
	frogTerminal S3 Vario anthracite	TM-S3v-an.03	4260578531740	SIP video door station with hemispheric 180° camera and 8 MP resolution. Integrated 3.5" touch display for flexible display of several bell buttons or functions (multi-party capable). Access control with PIN and/or RFID interface (MIFARE® DesFire® EV2). Connection and power supply via network cable (PoE) or 24 V AC/DC via bell wire and WLAN. Integrated potential-free relay (max. 24 V/1 A) and 2 potential-free inputs. USB-C connection for expansion modules. Expansion options via integrated Bluetooth® frogblue mesh interface. IP54 weatherproof. Dimensions: 338mm x 138mm x 26.9mm (LxWxH) Surface: aluminum; Color: anthracite (similar to RAL 7022)	2.498,00 €	available (depending on color up to 8 weeks delivery time)
	frogTerminal S3 Vario white	TM-S3v-wh.03	4260578532198	SIP video door station with hemispheric 180° camera and 8 MP resolution. Integrated 3.5" touch display for flexible display of several bell buttons or functions (multi-party capable). Access control with PIN and/or RFID interface (MIFARE® DesFire® EV2). Connection and power supply via network cable (PoE) or 24 V AC/DC via bell wire and WLAN. Integrated potential-free relay (max. 24 V/1 A) and 2 potential-free inputs. USB-C connection for expansion modules. Expansion options via integrated Bluetooth® frogblue mesh interface. IP54 weatherproof. Dimensions: 338mm x 138mm x 26.9mm (LxWxH) Surface: aluminum; Color: white (similar to RAL 9003)	2.498,00 €	available (depending on color up to 8 weeks delivery time)
	frogTerminal S3 Plus anthracite	TM-S3p-an.03	4260578532136	SIP video door station with hemispheric 180° camera and 8 MP resolution. Integrated 3.5" touch display for flexible display of several bell buttons or functions (multi-party capable). Access control with PIN and/or RFID interface (MIFARE® DesFire® EV2). Equipped with an extra-large loudspeaker for high ambient volume. Connection and power supply via network cable (PoE) or 24 V AC/DC via bell wire and WLAN. Integrated potential-free relay (max. 24 V/1 A) and 2 potential-free inputs. USB-C connection for expansion modules. Expansion options via integrated Bluetooth® frogblue mesh interface. IP54 weatherproof. Dimensions: 338mm x 138mm x 26.9mm (LxWxH) Surface: aluminum; Color: anthracite (similar to RAL 7022)"	2.498,00 €	available (depending on color up to 8 weeks delivery time)

TERMINALS						
	frogTerminal S3 Plus white	TM-S3p-wh.03	4260578532204	SIP video door station with hemispheric 180° camera and 8 MP resolution. Integrated 3.5" touch display for flexible display of several bell buttons or functions (multi-party capable). Access control with PIN and/or RFID interface (MIFARE® DesFire® EV2). Equipped with an extra-large loudspeaker for high ambient volume. Connection and power supply via network cable (PoE) or 24 V AC/DC via bell wire and WLAN. Integrated potential-free relay (max. 24 V/1 A) and 2 potential-free inputs. USB-C connection for expansion modules. Expansion options via integrated Bluetooth® frogblue mesh interface. IP54 weatherproof. Dimensions: 338mm x 138mm x 26.9mm (LxWxH) Surface: aluminum; Color: white (similar to RAL 9003)	2.498,00 €	available (depending on color up to 8 weeks delivery time)
	frogTerminal S3 Plus NIL white	TM-S3pn-wh.03	4260578532419	SIP video door station with hemispheric 180° camera and 8 MP resolution. Integrated 3.5" touch display for flexible display of several bell buttons or functions (multi-party capable). Equipped with an extra-large loudspeaker for high ambient volume. Access control with PIN and/or RFID interface (MIFARE® DesFire® EV2). Connection and power supply via network cable (PoE), RJ45 socket or 24 V AC/DC via bell wire and WLAN. Integrated potential-free relay (max. 24 V/1 A) and 2 potential-free inputs. USB-C connection for expansion modules. With integrated RGBW strip. Expansion options via integrated Bluetooth® frogblue mesh interface. IP54 weatherproof. Dimensions: 338mm x 138mm x 26.9mm (LxWxH) Surface: aluminum; Color: white (similar to RAL 9003); (NIL = Network Interface LED)	2.698,00 €	available (depending on color up to 8 weeks delivery time)
	frogTerminal S3 Plus NIL anthracite	TM-S3pn-an.03	4260578532402	SIP video door station with hemispheric 180° camera and 8 MP resolution. Integrated 3.5" touch display for flexible display of several bell buttons or functions (multi-party capable). Equipped with an extra-large loudspeaker for high ambient volume. Access control with PIN and/or RFID interface (MIFARE® DesFire® EV2). Connection and power supply via network cable (PoE), RJ45 socket or 24 V AC/DC via bell wire and WLAN. Integrated potential-free relay (max. 24 V/1 A) and 2 potential-free inputs. USB-C connection for expansion modules. With integrated RGBW strip. Expansion options via integrated Bluetooth® frogblue mesh interface. IP54 weatherproof. Dimensions: 338mm x 138mm x 26.9mm (LxWxH) Surface: aluminum; Colour: anthracite (similar to RAL 7022) (NIL = Network Interface LED)	2.698,00 €	available (depending on color up to 8 weeks delivery time)
	frogTerminal S3 Plus B1 white	TM-S3b1-wh.03	4260578532525	SIP video door station with hemispheric 180° camera and 8 MP resolution. Integrated 3.5" touch display for flexible display of several bell buttons or functions (multi-party capable). Equipped with a bell button and an extra-large loudspeaker for high ambient volume. Access control with PIN and/or RFID interface (MIFARE® DesFire® EV2). Connection and power supply via network cable (PoE) or 24 V AC/DC via bell wire and WLAN. Integrated potential-free relay (max. 24 V/1 A) and 2 potential-free inputs. USB-C connection for expansion modules. Expansion options via integrated Bluetooth® frogblue mesh interface. IP54 weatherproof. Dimensions: 338mm x 138mm x 26.9mm (LxWxH) Surface: aluminum; Color: white (similar to RAL 9003)	2.698,00 €	available (depending on color up to 8 weeks delivery time)
	frogTerminal S3 Plus B1 anthracite	TM-S3b1-an.03	4260578532518	SIP video door station with hemispheric 180° camera and 8 MP resolution. Integrated 3.5" touch display for flexible display of several bell buttons or functions (multi-party capable). Equipped with a bell button and an extra-large loudspeaker for high ambient volume. Access control with PIN and/or RFID interface (MIFARE® DesFire® EV2). Connection and power supply via network cable (PoE) or 24 V AC/DC via bell wire and WLAN. TERMINALS						
	frogTerminal S3 Plus B2 white	TM-S3b2-wh.03	4260578532556	SIP video door station with hemispheric 180° camera and 8 MP resolution. Integrated 3.5" touch display for flexible display of several bell buttons or functions (multi-party capable). Equipped with two bell buttons and an extra-large loudspeaker for high ambient volume. Access control with PIN and/or RFID interface (MIFARE® DesFire® EV2). Connection and power supply via network cable (PoE) or 24 V AC/DC via bell wire and WLAN. Integrated potential-free relay (max. 24 V/1 A) and 2 potential-free inputs. USB-C connection for expansion modules. Expansion options via integrated Bluetooth® frogblue mesh interface. IP54 weatherproof. Dimensions: 338mm x 138mm x 26.9mm (LxWxH) Surface: aluminum; Color: white (similar to RAL 9003)	2.698,00 €	available (depending on color up to 8 weeks delivery time)
	frogTerminal S3 Plus B2 anthracite	TM-S3b2-an.03	4260578532549	SIP video door station with hemispheric 180° camera and 8 MP resolution. Integrated 3.5" touch display for flexible display of several bell buttons or functions (multi-party capable). Equipped with two bell buttons and an extra-large loudspeaker for high ambient volume. Access control with PIN and/or RFID interface (MIFARE® DesFire® EV2). Connection and power supply via network cable (PoE) or 24 V AC/DC via bell wire and WLAN. Integrated potential-free relay (max. 24 V/1 A) and 2 potential-free inputs. USB-C connection for expansion modules. Expansion options via integrated Bluetooth® frogblue mesh interface. IP54 weatherproof. Dimensions: 338mm x 138mm x 26.9mm (LxWxH) Surface: aluminum; Color: anthracite (similar to RAL 7022)	2.698,00 €	available (depending on color up to 8 weeks delivery time)
	frogTerminal S3 X white	TM-S3x-wh.03	4260578532389	SIP video door station with hemispheric 180° camera and 8 MP resolution suitable for SIEDLE© and MOBOTIX© 3-gang frames. Integrated 3.5" touch display for flexible display of several bell buttons or functions (multi-party capable). Equipped with an extra-large loudspeaker for high ambient volume. Access control with PIN and/or RFID interface (MIFARE® DesFire® EV2). Connection and power supply via network cable (PoE) or 24 V AC/DC via bell wire and WLAN. Integrated potential-free relay (max. 24 V/1 A) and 2 potential-free inputs. USB-C connection for expansion modules. Expansion options via integrated Bluetooth® frogblue mesh interface. IP54 weatherproof. Dimensions: 299.7mm x 99.7mm x 24.8mm (LxWxH); Surface: aluminum; Colour: white (similar to RAL 9003)	2.498,00 €	available (depending on color up to 8 weeks delivery time)
	frogTerminal S3 X anthracite	TM-S3x-an.03	4260578532396	SIP video door station with hemispheric 180° camera and 8 MP resolution suitable for SIEDLE© and MOBOTIX© 3-gang frames. Integrated 3.5" touch display for flexible display of several bell buttons or functions (multi-party capable). Equipped with an extra-large loudspeaker for high ambient volume. Access control with PIN and/or RFID interface (MIFARE® DesFire® EV2). Connection and power supply via network cable (PoE) or 24 V AC/DC via bell wire and WLAN. Integrated potential-free relay (max. 24 V/1 A) and 2 potential-free inputs. USB-C connection for expansion modules. Expansion options via integrated Bluetooth® frogblue mesh interface. IP54 weatherproof. Dimensions: 298mm x 100mm x 24.1mm (LxWxH) Surface: aluminum; Color: anthracite (similar to RAL 7022)	2.498,00 €	available (depending on color up to 8 weeks delivery time)
	frogTerminal S3 X NIL white	TM-S3xn-wh.03	4260578532365	SIP video door station with hemispheric 180° camera and 8 MP resolution suitable for SIEDLE© or MOBOTIX© 3-gang frames. Integrated 3.5" touch display for flexible display of several bell buttons or functions (multi-party capable). Equipped with an extra-large loudspeaker for high ambient volume. Access control with PIN and/or RFID interface (MIFARE® DesFire® EV2). Connection and power supply via network cable (PoE), RJ45 socket or 24 V AC/DC via bell wire and WLAN. Integrated potential-free relay (max. 24 V/1 A) and 2 potential-free inputs. USB-C connection for expansion modules. With integrated RGBW strip. Expansion options via integrated Bluetooth® frogblue mesh interface. IP54 weatherproof. Dimensions: 299.7mm x 99.7mm x 24.8mm (LxWxH) Surface: aluminum; Color: white (similar to RAL 9003) (NIL = Network Interface LED)"	2.698,00 €	available (depending on color up to 8 weeks delivery time)

CUBES						
	frogDisplay	CU-Dis-A.02	4260578530842	The 3,5" frogblue Touchscreen user interface and WLAN gateway (230 V~) for managing and controlling e.g. Lighting, Shading, Heating and Scenarios. Including 2 inputs for connection with low voltage contacts without additional power supply. Featuring integrated proximity, brightness and temperature sensor as well as microphone, loudspeaker and time buffering.	548,00 €	Available
	frogAccess1-1	CU-Acc-B1-1.01	4260578530347	Access control and building management via PIN-Code with Glastouch code entry. Featuring integrated proximity, brightness and temperature sensors and time buffering. With an input for connecting potential-free contacts and a switching output (230 V ~).	298,00 €	Available
	frogMotion1-1	CU-Mot-A1-1.01	4260578530323	PIR-Sensor for triggering alarms and controlling the frogblue system via motion detection, temperature, proximity and brightness sensors. With an input for connecting potential-free contacts and a switching output (230 V ~).	298,00 €	Available
	frogControl1-1	CU-Con-B1-1.01	4260578531184	Control of the frogblue system using 12 glass touch buttons. Featuring integrated proximity, brightness and temperature sensors and time buffering. With an input for connecting potential-free contacts and a switching output (230 V ~).	298,00 €	Available

FROGS						
	frogAct1-1	A1-1-400.02	4260578531085	Multifunctional 1-channel actuator with one input to turn on/off lights or other appliances featuring 1 Input for integration of switches and other devices (110-240 V~). Featuring integrated logic module with comfort and timer functions, power measurement and short circuit detection.	93,00 €	Available
	frogAct1-3	A1-3-400.01	4260578530408	Multifunctional 1-channel actuator for switching light or other loads with 3 inputs for monitoring push-buttons and switches (110-240 V~). With comfort and time functions, power measurement and short-circuit detection (1x 400 W @ 230 V~).	135,00 €	Available
	frogAct2-2	A2-2-300.01	4260578530385	Multifunctional 2-channel actuator for switching light or other loads with 2 inputs for monitoring push-buttons and switches (110-240 V~). With comfort and time functions, power measurement and short-circuit detection (2x 300 W @ 230 V~).	148,00 €	Available
	frogDim1-0	D1-0-300.01	4260578530200	Multifunctional 1-channel dimming actuator to dim or switch lights on/off (110-240 V~). Switching and dimming functionality for all approved trailing-edge phase control dimming lighting; Leading-edge phase control only for inductive load approved. Switching of all other lighting. Featuring integrated logic module with comfort and timer functions, power measurement and short circuit detection. (1x 300 W @ 230 V~)	94,00 €	Available
	frogDim1-1	D1-1-300.01	4260578530828	Multifunctional 1-channel dimming actuator with 1 output to dim or switch lights on/off and 1 input for integration of additional switches and sensors (110-240 V~). Switching and dimming functionality for all approved trailing-edge phase control dimmable lighting; Leading-edge phase control only for inductive load approved. Switching of all other lighting. Featuring integrated logic module with comfort and timer functions, power measurement and short circuit detection. (1x 300 W @ 230 V~)	105,00 €	Available
	frogDim1-3	D1-3-300.01	4260578530026	Multifunctional 1-channel dimming actuator with 1 output to dim or switch lights on/off and 3 inputs for integration of additional switches and sensors (110-240 V~). Switching and dimming functionality for all approved trailing-edge phase control dimmable lighting; Leading-edge phase control only for inductive load approved. Switching of all other lighting. Featuring integrated logic module with comfort and timer functions, power measurement and short circuit detection. (1x 300 W @ 230 V~)	148,00 €	Available
	frogDim2-2	D2-2-300.01	4260578530002	Multifunctional 1-channel dimming actuator with 2 outputs to dim or switch lights on/off and 2 inputs for integration/query of additional switches and sensors (110-240 V~). Switching and dimming functionality for all approved leading and trailing-edge phase control dimmable lighting; Featuring integrated logic module with comfort and timer functions, power measurement and short circuit detection. (2x 300 W @ 230 V~)	168,00 €	Available

FROGS						
	frogStrip120e	STR120e.01	4260578530996	Multifunctional 4-channel LED RGBW controller to connect to external power supply. With MultiStrip technology and strip power management, comfort and time functions, power measurement and short-circuit detection (120 W per channel (24 V / 5 A) / total power 120 W)	115,00 €	Available
	frogIn3-AC	I3-AC.02	4260578531061	Multifunctional 3-channel input to query buttons/switches/other sensors (110-240 V~) and for controlling all frogblue components within the frogblue Bluetooth® LE network. Featuring integrated logic module with comfort and timer functions.	83,00 €	Available
	frogIn5-AC	I5-AC.01	4260578530040	Multifunctional 5-channel input to query buttons/switches/other sensors (110-240 V~) and for controlling all components within the frogblue Bluetooth® LE network. Featuring integrated logic module with comfort and timer functions.	105,00 €	Available
	frogContact5	C5-SPC.01	4260578530064	Multifunctional 5-channel contact module to query low-voltage contacts at up to 100 meters without additional power. 5 inputs in 3 galvanic circuits. Featuring integrated logic module with comfort and timer functions.	115,00 €	Available
	frogContact5-BAT	C5-BAT.01	4260578530446	Multifunctional 5-channel battery powered contact module to query low-voltage contacts .Featuring integrated logic module with comfort and timer functions. Battery life approx. 10 years based on 70 operations per day.	83,00 €	Available
	frogRelay2-2	R2-2-1200.01	4260578530248	Multifunctional 2-channel relay switch with 2 outputs for controlling shutters/blinds and other motors. Also 2 inputs for integration/query of additional switches and sensors (110-240 V~). Featuring integrated logic module with comfort and timer functions, power measurement and excess current detection (total: 1200 W@230V).	115,00 €	Available
	frogRelay2-2-PF	R2-2-PF.01	4260578530460	Multifunctional 2-channel relay switch with 2 potential-free outputs. With 2 inputs to query buttons and switches (110-240 V ~). Featuring integrated logic module with comfort and timer functions as well as power measurement.	105,00 €	Available

	Product Name	Article Number	EAN-Code	Product Description	Netto List Price	Availability
FROGS						
	frogRelay2-2-PFLV	R2-2-PFLV.01	4260578531788	Multifunctional 2-channel relay switch with 2 potential-free outputs and 2 inputs suitable for monitoring push-buttons, switches, reed contacts and voltages (up to 30VDC). With comfort and time functions.	108,00 €	Available
	frogClock	SU-RE.01	4260578530422	Time synchronization and Repeater for the frogblue Bluetooth® network. With integrated time buffering (RTC) for 120 hours (5 days) during mains power outage.	73,00 €	Available
	frogConnect1-1	SU-CO1-1.01	4260578530361	To discharge leakage current / residual voltage. Reduces the afterglow of certain LED lamps when switched off. For use with frogblue dimmers.	30,00 €	Available
	frogEntry2-3	E2-3-12V.01	4260578530088	Multifunctional switch actuator to control 12V electronic door openers or motorized locks featuring 3 contact inputs for determining door or buttons/switches status in 2 galvanic circuits. With integrated logic module, Featuring integrated logic module with comfort and timer functions.	135,00 €	Available
	frogDALI	SU-DALI2.01	4260578531283	frogblue Bridge for connection to the DALI2 bus enables the integration of the DALI2 system into frogblue and makes the wired system wireless. Supply via the DALI bus with 2 contact inputs for querying potential-free push-buttons/switches. Control of up to 64 DALI luminaires or 16 DALI groups.	105,00 €	Available
	frogDALIPower1-1	SU-DALI1-1.01	4260578531801	frogblue DALI bus supply (110mA) for connection to the DALI2 bus enables the integration of the DALI2 system in frogblue. Supply via 110-240VAC; with a switch or button input for 110-240VAC. The bus supply controls up to 64 DALI luminaires or 16 DALI groups and enables the control and connection of several physically separated DALI lamp circuits via Bluetooth.	138,00 €	Available

	Product Name	Article Number	EAN-Code	Product Description	Netto List Price	Availability
BOXES						
	frogBoxHeat	B-Heat.01	4260578530811	Multi-channel heating controller for controlling heating regulation. 5 potential-free relay outputs for connecting thermal heating valves or electric radiators and additional virtual outputs for controlling distant frogs. With 2 inputs for detection of buttons and switches (110-240 V~).	298,00 €	Available
	frogBoxRelay5-2	B-Relay5-2.01	4260578530804	Multifunctional 5-channel actuator (6 A / 230V~) for switching lights and other loads with two inputs for connecting push-buttons/switches. With temperature and brightness sensor, comfort and time functions.	198,00 €	Available
	frogBoxGPS0-2	B-GPS0-2.01	4260578530484	Management module for outdoors with integrated GPS receiver for providing exact time and position with 2 inputs for connection with switches, buttons etc (110-240 V~) and Piezzo signal generator. Additional sensors for capturing the outside temperature and the outside brightness.	198,00 €	Available
	frogBoxOutdoor	B-Outdoor.01	4260578530545	Weather proof housing for installing frogs outdoors.	40,00 €	Available
	frogHeatBar-10/2-24V	B-HeatB-10/2-24V.01	4260578531399	230 V supplied multi-channel heating control for controlling up to 11 heating circuits/rooms. 10 relay outputs (24 V) for connecting thermal heating valves or electric radiators. With additional virtual outputs to control remote frogs via the frogblue Bluetooth® mesh network. 2 integrated push buttons for easy manual operation. 2 floating inputs for connecting switches/pushbuttons and 2 floating relay outputs for controlling circulating pump and burner demand. 1-Wire bus for connection of temperature sensors. frogblue fBUS for connection of frogblue fBUS devices.	598,00 €	Available
	frogHeatBar-10/2-230V	B-HeatB-10/2-230V.01	4260578531016	230 V supplied multi-channel heating control for controlling up to 11 heating circuits/rooms. 10 relay outputs (110-230 V) for connecting thermal heating valves or electric radiators. With additional virtual outputs to control remote frogs via the frogblue Bluetooth® mesh network. 2 integrated push buttons for easy manual operation. 2 floating inputs for connecting switches/pushbuttons and 2 floating relay outputs for controlling circulating pump and burner demand. 1-Wire bus for connection of temperature sensors. frogblue fBUS for connection of frogblue fBUS devices.	598,00 €	Available

ZUBEHÖR					
	frogKey 02	SU-Key.02	4260578530859	Gesture and position sensitive transponder for operating frogblue systems.	53,00 € Available
	frogLink	SU-Lin.01	4260578530125	Bluetooth® LE USB stick for configuring and controlling frogblue components using a Windows PC or as a serial interface to third-party products.	53,00 € Available
	frogRoomSense	SU-RoomSense.01	4260578530781	Multifunctional sensor with exchangeable battery CR2450 (45 x 45 x 13 mm) with sensors for temperature, humidity and brightness.	73,00 € Available
	frogMultiSense	SU-MultiSense.01	4260578530552	Multifunctional sensor with exchangeable battery CR2450 (45 x 45 x 13 mm) with sensors for temperature, humidity, air (barometric) pressure and brightness. Window or door opening detection using magnetic contacts and an acceleration sensor (gyro sensor) for movement detection.	105,00 € Available
	Batterie CR2450R	SU-CR2450R.01	4260578531214	Replacement battery for frogMultiSense and frogRoomSense.	5,00 € only available in frogblue webshop and the listed delivery countries
	frogClip - 5 units	SU-Clip5.01	4260578530880	Holder for mounting the frog on the top-hat rail (e.g. in junction box). Contents of packaging 5 pcs.	13,00 € Available
	frogClip - 15 units	SU-Clip15.01	4260578530897	Holder for mounting the frog on the top-hat rail (e.g. in junction box). Contents of packaging 15 pcs.	25,00 € Available

ZUBEHÖR						
	frogValveDrive230-NC	SU-ValveDrive230.01	4260578531238	A 230 V supplied thermoelectric actuator for opening and closing small valves and valves on heating circuit distributors for surface heating and surface cooling systems. The actuator is controlled by our frogblue products	28,00 €	Available
	frogValveDrive24-NC	SU-ValveDrive24V.01	4260578531177	A 24 V supplied thermoelectric actuator for opening and closing small valves and valves on heating circuit distributors for surface heating and surface cooling systems. The actuator is controlled by our frogblue products	28,00 €	Available
	frog55-Temp	SU-frog55-Tem.01	4260578531672	Multifunktionaler Sensor (55 x 55 x 11 mm) mit 5 Tastflächen und Sensoren zur Messung von Temperatur, Luftfeuchtigkeit und Helligkeit im 55er Maß passend für jedes gängige Schalterprogramm. Wechselbare Batterie CR2450R. Alternative Spannungsversorgung über frogPlug-Schnittstelle. Inklusive Montagerahmen zur Montage auf Unterputzdose.	98,00 €	Available from May 2025
	frog55-Touch	SU-frog55-T.01	4260578531344	Multifunktionaler Tastensensor (55 x 55 x 11 mm) mit 5 Tastflächen und Sensoren zur Messung von Temperatur, Luftfeuchtigkeit und Helligkeit im 55er Maß passend für jedes gängige Schalterprogramm. 4 weiße LEDs zur Tastsignalisierung; diese sind über die frogProjectApp frei konfigurierbar. Wechselbare Batterie CR2450R. Alternative Spannungsversorgung über frogPlug-Schnittstelle. Inklusive Montagerahmen zur Montage auf der Unterputzdose.	98,00 €	Available from July 2025
	frog55-LED	SU-frog55-LED.01	4260578532617	Multifunktionaler LED-Taster (55 x 55 x 11 mm) mit 5 Tastflächen und Sensoren zur Messung von Temperatur und Luftfeuchtigkeit. 4 weiße LEDs zur Tastsignalisierung sowie LED Vorkonfiguration. 55er Maß passend für jedes gängige Schalterprogramm. Wechselbare Batterie CR2450R. Alternative Spannungsversorgung über frogPlug-Schnittstelle. Inklusive Montagerahmen zur Montage auf einer Unterputzdose.	98,00 €	Available from July 2025
	Plug230-1-0	SU-Plug230-1-0.01	4260578531337	Netzteil mit 110-240 V~ Spannungsversorgung mit einem Schaltausgang (110-240 V~/max. 6 A) zur Montage in der Unterputzdose hinter frogblue-Produkten mit frogPlug-Schnittstelle (24 V= / max. 5 W) bspw. frog55-Touch.	68,00 €	Available
